ABOUT ALAS

The Association of Latino Administrators and Superintendents (ALAS) is an educational professional association advocating for Latinx youth through professional development, interaction, and networking among administrators in school districts nationwide that serve Hispanic students. ALAS was formed in 2003 in response to the lack of national advocacy and representation by the existing mainstream professional associations. It is this void that ALAS seeks to fill with a determined effort to improve the educational success of Hispanic youth and career opportunities for Hispanic administrators. The ALAS mission is to provide leadership at the national level that assures every school in America effectively serves the educational needs of all students, with an emphasis on Latinx youth, by building capacity, promoting best practices, and transforming educational institutions.
