A United Message

We condemn the brutal murder of George Floyd and the countless others at the hands of rogue police officers, and demand that those who committed these acts are brought to justice. Mr. Floyd’s murder comes at a time when our planet is ravaged by a pandemic that has disproportionately impacted our communities. Our hearts ache for the families who have lost loved ones to a pandemic, and at the hands of police brutality.

As Executive Directors of national educational membership organizations, we have been working through a process to align our respective organizational core values, vision, mission, and goals. The circumstances we face today require us to unite in voice and solidarity.

Our youth are bearing witness to a pandemic, unemployment, cold-blooded murders, protests, riots, and looting. We, the adults, must provide leadership and a sense of hope and comfort for them. More importantly, we must do our best to ensure that they receive the best education so that they can mature into productive and responsible adults.
